Receipts relating to Thakavi loans granted under the revised rules of November 1908 were wrongly credited in the year 1909-10 to Thakavi advances under the old rules & included in the statement (referred to above). On receipt since of the detailed accounts from the district Sums aggregating Rs 10,000 odd have since been adjusted; the balance now under verification will be adjusted in the accounts for the current year.

9. In continuation, it is to be stated that the figures in the Statement and the Notes heads have been verified and found correct with the exception of item no. 1. "Loans to Agricultural Banks", against which Rs 536.979-4-9 is shown as outstanding at the end of 1909-10. This figure is incorrect as it represents not the principal but the interest due upto end of 1909-10. The amount of loan outstanding comprising the overdue instalments and the instalments which are yet to fall due is Rs 8,89,583-4-3, and this is the figure for 1909-10, which corresponds with the figure, Rs 936.2881- for the preceding year.

12 The Review of Balances referred to in the first order quoted at the end of the draft is quite a separate thing — perhaps the drafter is misled by the word debt head in the first order. The practice has all along been in respect of these loans for the Comptr to submit statements & for the first to review. That is a convenient practice & prevents duplication. The fact that last years accounts were reviewed is no reason why the present accounts should not be reviewed. There may be features worth noting in the accounts now under consideration. They should be scrutinized & a draft on proper lines put up.

3- The question of undertaking a general Review of balances periodically is under consideration in the Comptroller's office.

ORDER THEREON.—Recorded.

2 Government observe that no recoveries have been entered towards the repayment of the loans in the cases of Nandagudi Family, Bakshi Thippiah's Family and some others. The properties mortgaged to the Government on account of the loans have been placed under the Government management, and it can hardly be that there have been no recoveries. Attention is invited to the instructions laid down in Rule 120 of the Land Revenue Rules, and Government Proceedings Nos. 3793-3807—Circular 67, dated the 17th July 1890, and R. 3453-61—L. 3. The attention of the Comptroller is invited to Government Proceedings No. Fl. 6157-61—G. F. 390-10-4, dated the 21st June 1911, modifying the conditions of the loan granted to Mr. D. Devaraj Urs, and he is requested to report for the information of Government, the exact amount of the balance outstanding.

4. The question of placing the financial relations of the Government with the Mysore Spinning and Manufacturing Company on a satisfactory basis is under consideration.

5. With respect to the loans and advances for irrigation wells, loans for sagavalikattes, loans for improvement of lands for plantations, loans for restoration of tanks, takavi loans under the old rules and land improvement loans under the revised rules of 1908, Government observe that large sums of money are still outstanding. Here again it behoves the Revenue authorities to adopt proper measures for regular and punctual recovery.

6. The figures given in the statement relating to takavi advances under the old rules do not seem to be accurate. The recoveries relating to takavi advances under the revised rules of 1908 have been credited to the recoveries relating to takavi advances under the old rules. The Comptroller is requested to apply the necessary corrections in the matter.

reviewing the Statements of loans and advances for the year 1909-10.

I am directed to observe that the Financial Department have not at present any means of proving whether there has been any culpable laxity in the recovery of loans & the District Officers.

they loans are made in each case, the instalments in which it is repayable are fixed, and that

over.

SUBJECT.

When a loan is sanctioned the instalments of the principal and the amount of interest are fixed and

To ensure punctuality in repayment and towards meeting the charges it is absolutely necessary to have a monthly Block D. C. B. Statement, the Demand being the sum total of Instalments due in the month, the Collection being the sum total of Collections in that month and the Balance being the difference showing to what extent the instalments have not been collected.

I am therefore to request you to be so good as to arrange for the monthly Submission of such a statement in future

3. The Statement may be accompanied by an Explanatory Note showing how far the Demand and the Collections have been affected by Suspensions, Remissions, Takkavi, Etc.
